

**SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING****Product identifier** Quick Decon™ Mass Effect™ for Halogens - Concentrate

GHS Product Identifier Quick Decon™ Mass Effect™ for Halogens - Concentrate

Chemical Name Not Applicable

Trade name Quick Decon™ Mass Effect™ for Halogens - Concentrate

**Relevant identified uses of the substance or mixture and uses advised against**

Identified use(s) – Decontamination of selected radioisotopes.

Uses advised against – **Consult with manufacturer concerning all uses.****Details of the supplier of the safety data sheet**

Company Radiation Decontamination Solutions, LLC

Address 141 Stevens Ave, Ste. 9, Oldsmar, FL 34677

Telephone (813) 854-5100

E-Mail (competent person) [info@raddecon.com](mailto:info@raddecon.com)**Emergency telephone number – (800) 222-1222 (US Poison Control)****SECTION 2: HAZARDS IDENTIFICATION****Classifications of the substance or mixture****OSHA Hazardous Communication Standard (USA) and UN GHS classification**

Non-hazardous according to the OSHA HCS (29CFR1910.1200) and GHS classifications.

**Label elements**

GHS Product Identifier

Hazard pictogram(s)	None	Signal word(s)	None
---------------------	------	----------------	------

Hazard statement(s) None

Precautionary statement(s) None

**WHMIS Classifications (Canada)**

Classifications None – Not hazardous according the WHMIS regulations

Hazard statement(s) None

Precautionary statement(s) None

**EU Directives 1272/2008/EC and 1907/2006/EC**

Non-hazardous according to EU Directives 1272/2008/EC and 1907/2006/EC

**Label elements**

CLP Product Identifier

Hazard pictogram(s)	None	Signal word(s)	None
---------------------	------	----------------	------

Hazard statement(s) None

Precautionary statement(s) None

**EU Directives 1999/45/EEC and 67/548/EEC**

Non-hazardous according to EU Directives 1999/45/EEC and 67/548/EEC

**Label elements**

Risk Symbols None

Risk Phrases None

Safety Phrases None

### SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

**Product contains no hazardous ingredients in reportable quantities under the following jurisdictions: USA, Canada, European Union, Australia, New Zealand, Japan, Korea, South Africa, or the UN.**

**Additional Information** - Non-Hazardous ingredients are not listed and considered confidential and proprietary and make up the totality of the product.

### SECTION 4: FIRST AID MEASURES

#### Description of first aid measures

**Note: First aid recommendations are predicated on exposure to product that has not been previously exposed to radioactive isotopes. For ANY EXPOSURE to product that has been used to decontaminate surfaces with measured or suspected radioactivity, medical attention should be sought.**

Inhalation	Remove patient from exposure. Keep patient at rest and give oxygen if breathing difficult. If symptoms develop (unusual occurrence), obtain medical attention.
Skin Contact	Simply wash affected areas with soap and water. In the highly unusual event of persistent irritation, seek medical assistance.
Eye Contact	Remove any contact lenses. Irrigate with eyewash solution or clean water, holding the eyelids apart, for at least 15 minutes. Obtain medical attention for persistent irritation.
Ingestion	Do not induce vomiting. Make victim drink plenty of water. Ingestion of small amounts (< 60 ml or 2.0 fl. oz.) should not require medical treatment, provided that the product has not collected radioisotopes.

#### Most important symptoms and effects, both acute and delayed

**Acute:** May cause irritation to stomach and esophagus upon ingestion. May cause mild to moderate eye irritation.  
**Delayed and chronic effects:** Similar to acute effects. Any delayed and/or chronic effects will generally be due to radioactive materials dissolved in solution post-use.

#### Indication of the immediate medical attention and special treatment needed

Most exposures require no treatment, provided that the solution does not contain radioactive substances collected from use. In cases where radiation exposure is suspected, it is critical that exposures be reported and carefully monitored for symptoms consistent with radiation-induced illnesses.

### SECTION 5: FIRE-FIGHTING MEASURES

#### Data Related to Fire

Flash Point: Non-Flammable	Autoignition Temperature: Non-Flammable
Explosive / Flammable Limits (%v/v)	Lower: NA Upper: NA
Sensitivity to Mechanical Impact: None	Sensitivity to Static Discharge: None

#### Extinguishing media

Suitable Extinguishing Media Choose media for surrounding fire.  
 Unsuitable Extinguishing Media None known.

#### Special Hazards

A self contained breathing apparatus and suitable protective clothing should be worn in fire conditions.

#### Advice for fire-fighters

For fires in which used solution is involved, radiological monitoring is essential. Launder contaminated protective devices.

### SECTION 6: ACCIDENTAL RELEASE MEASURES

<b>Personal precautions, protective equipment and emergency procedures</b>	Ensure full personal protection (including respiratory protection) during removal of spillages. Evacuate if necessary. If used solution is spilled, expert assistance may be needed due to release of radiation.
<b>Environmental Precautions</b>	Radiological monitoring of spill site is essential where used solution has been spilled. Product poses no chemical hazards to the environment.
<b>Methods and material for containment and cleaning up</b>	Absorb material in inert absorbent and transfer to a lidded container for disposal or recovery. For solutions that may have radioisotopes, storage containers must be appropriately marked and type-accepted for the purpose of storing radiological waste; consult with manufacturer or authorities to ensure compliance.
<b>Reference to other sections Additional Information</b>	See Also Section 7, 8, 13. None

### SECTION 7: HANDLING AND STORAGE

<b>Precautions for safe handling</b>	Keep away from strong bases and water-reactive materials. Use only in accordance with manufacturer instructions. Prolonged contact with skin and/or eyes is not recommended.
<b>Conditions for safe storage, including any incompatibilities</b>	Store in a tightly closed container in accordance with manufacturer suggestions. Incompatible with strong bases and water-reactive materials. Storage temperature should stay between 5-60°C (41-140°F). Do not freeze.
Storage Temperature	Ambient. Extreme temperatures are not recommended. Do not freeze.
Storage Life	Not available
Incompatible materials	Oxidizing agents, Can react violently if in contact with acids, alkalis, reducing agents and heavy metals.

### SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Occupational Exposure Limits

**Product contains no hazardous ingredients in reportable quantities under the following jurisdictions: USA, Canada, European Union, Australia, New Zealand, Japan, Korea, South Africa, or the UN. No exposure limits are available for product.**

OELs are not available for non-listed components.

#### Personal protection equipment

	<b>Respirators</b>	Not normally required for handling of solutions in situations where exposure to radiation is not a possibility. For exposures where radiation is involved, seek guidance from manufacturer or authorities.
	<b>Eye Protection</b>	Safety spectacles suggested at all times. This may be combined with a face shield or combination eye protection / respiratory protection as required by each individual exposure scenario to radiation during usage.
	<b>Gloves</b>	Wear protective gloves during use. Gloves should be chosen to fit each individual situation of use; consult with manufacturer.

	<b>Body protection</b>	Wear suitable protective clothing and gloves during use. Body protection should be individualized to the situation of usage; consult with manufacturer and/or regulatory authorities for appropriate protective equipment.
	<b>Engineering Controls</b>	Consult with regulatory authorities and/or manufacturer; each situation should be carefully evaluated in order to properly select engineering controls.
	<b>Other</b>	Remove contaminated, saturated clothing immediately. Contaminated clothing and equipment should be either decontaminated or discarded as hazardous waste if radiation is present.

### SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

#### Information on basic physical and chemical properties

Appearance	Liquid	Color	Clear
Odor	None	Odor Threshold (ppm)	Not available
Melting Point (°C) / Freezing Point (°C)	-5°C ± 5°C	Boiling point/boiling range (°C):	105°C ± 5°C
Flash Point (°C)	23°F ± 9°F		221°F ± 9°F
Auto Ignition Temperature (°C)	None	Explosive limit ranges	Not available
Explosive properties	Not available	Decomposition Temperature (°C)	Not available
Flammability (solid, gas)	Not flammable	Oxidizing properties	Not available
Evaporation rate	Equal to water	pH (Value)	<5.0 (estimate – not corrosive)
Vapor Density (Air=1)	Not available	Vapor Pressure (mm Hg)	Equal to water
Solubility (Water)	Not available	Density (g/ml)	1.0 ± 0.1
Partition Coefficient (n-Octanol/water)	Soluble	Solubility (Other)	Not available
	Not available	Viscosity (mPa.s)	Not Available

**Other information** Volatile Organic Chemical (VOC) Content – < 10%.

### SECTION 10: STABILITY AND REACTIVITY

<b>Reactivity</b>	May react with incompatible materials.
<b>Chemical stability</b>	Stable under normal conditions.
<b>Possibility of hazardous reactions</b>	Can react violently if in contact with strong bases, water-reactive materials.
<b>Conditions to avoid</b>	Avoid contact with heat and ignition sources.
<b>Incompatible materials</b>	Strong bases, Water-Reactive Materials
<b>Hazardous Decomposition Product(s)</b>	Carbon monoxide, Carbon dioxide,

### SECTION 11: TOXICOLOGICAL INFORMATION

SUBSTANCE	CAS No.	LD <sub>50</sub> (Oral, Rat)	LC <sub>50</sub> (Inhalation, Rat)	LD50 (Dermal, Rat)
<p><b>Product contains no hazardous ingredients in reportable quantities under the following jurisdictions: USA, Canada, European Union, Australia, New Zealand, Japan, Korea, South Africa, or the UN. No exposure limits are available for product.</b></p>				

**Information on toxicological effects**

**Note:** Toxicological effects described below are based solely on product that has not been exposed to radioactive isotopes. Where exposures to used and/or radiation-contaminated product have occurred, toxic effects of radiation sickness/poisoning may include: nausea, vomiting, diarrhea, headache, fever, myalgia, fatigue, hypotension, leukopenia, generalized weakness, CNS symptoms, and coma progressing to death. Cutaneous Radiation Exposures may involve itching and redness that may progress to blistering and alopecia in the affected areas; necrosis may occur in severe exposures. The symptoms of radiation illnesses are dependent on the type of radiation, as well as the length and totality of exposures. The data in this section must not be used as a substitute for medical assistance where exposures to radiation have occurred.

Acute toxicity	Ingestion may cause irritation of the gastrointestinal tract.
Irritation	May be slightly irritating to skin, May be irritating to eyes.
Corrosivity	Unlikely; prolonged eye exposure could cause mild ulcerations of corneas.
Repeated dose toxicity	Expected to be similar to single exposures.
Carcinogenicity	Not expected.
Mutagenicity	No data.
Toxicity for reproduction	No data.
<b>Other information</b>	None

<b>SECTION 12: ECOLOGICAL INFORMATION</b>
---

<b>Toxicity</b>	Unused product is not harmful to aquatic environments in small quantities.
<b>Persistence and degradability</b>	Biodegradable. Not persistent.
<b>Bioaccumulative potential</b>	Biodegradable. Not persistent.
<b>Mobility in soil</b>	The product has high mobility in soil.

<b>SECTION 13: DISPOSAL CONSIDERATIONS</b>
--

<b>Waste treatment methods</b>	Disposal should be in accordance with local, state or national legislation. Consult with authorities, especially when the disposal of radiation-contaminated solutions is involved
<b>Additional Information</b>	None

<b>SECTION 14: TRANSPORT INFORMATION</b>
--

**Land transport (Within USA) (c)(d)**

UN number	None
Proper Shipping Name	Not classified as dangerous for transport.
Transport hazard class(es)	None
Packing Group	None
Hazard label(s)	None
Environmental hazards	None
Special precautions for user	None

**Sea transport (IMDG) (c)(d)**

UN number	None
Proper Shipping Name	Not classified as dangerous for transport.
Transport hazard class(es)	None
Packing Group	None
Marine Pollutant	None
Special precautions for user	None

**Land transport (Within Canada)**

UN number	None
Proper Shipping Name	Not classified as dangerous for transport.
Transport hazard class(es)	None
Packing Group	None
Hazard label(s)	None
Environmental hazards	None
Special precautions for user	None

**Air transport (ICAO/IATA) (c) (d)**

UN number	None
Proper Shipping Name	Not classified as dangerous for transport.
Transport hazard class(es)	None
Packing Group	None
Environmental hazards	None
Special precautions for user	None

*(c)– Consult with transport provider.**(d)– Check relevant regulations for Special Provisions.***Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code**

<b>SECTION 15: REGULATORY INFORMATION</b>
---

**National regulations****USA**

TSCA (Toxic Substance Control Act)	All chemicals listed under TSCA.
SARA 311/312 - Hazard Categories	None
SARA 302 - Extremely Hazardous Substances	Listed. - None
SARA 313 - Toxic Chemicals	Listed. – None
CERCLA (Comprehensive Environmental Response Compensation and Liability Act)	Listed. – None
CAA (Clean Air Act 1990)	Listed. – None
CWA (Clean Water Act)	Listed. - None
State Right to Know Lists	None
Proposition 65 (California)	None

**Canada**

WHMIS Classification	None
Canada (DSL/NDSL)	Listed. - DSL
Canada Ingredient Disclosure List (CIDL)	No Listings

**Chemical Safety Assessment**

Non-Hazardous

## SECTION 16: OTHER INFORMATION

The following sections contain revisions or new statements: 1-16.
